## CDC Handwashing Guidelines

**Follow these five steps every time:**

### WET

Wet your hands with clean, running water (warm or cold), and apply soap.

### LATHER

Lather your hands by rubbing them together with the soap. Lather the backs of your hands, between your fingers, and under your nails.

### SCRUB

Scrub your hands for at least 20 seconds. Need a timer? Hum the "Happy Birthday" song twice.

### RINSE

Rinse your hands well under clean, running water.

### DRY

Dry your hands using a clean towel or air dry them.

\*Source CDC.gov Website

# Signs

Post signs in key locations around your facility identifying the importance of, and best tips for hand washing, as well as other safeguards for preventing illness in the workplace.

# Illness Prevention Signs & Posters (English & Spanish)

**COVID 19 STOP THE SPREAD OF GERMS**

Help prevent the spread of respiratory diseases like COVID-19.

- Avoid close contact with people who are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.
- Avoid touching your eyes, nose, and mouth.
- Stay home when you are sick, except to get medical care.
- Wash your hands often with soap and water for at least 20 seconds.

**COVID 19 DETENGA LA PROPAGACIÓN DE LOS MICROBIOS**

Ayuda a prevenir la propagación de virus respiratorios como el nuevo COVID-19.

- Evita el contacto cercano con las personas enfermas.
- Cúbrese la nariz y la boca con un pañuelo desechable al toser o estornudar y luego tétele a la basura.
- Limpia y desinfecta los objetos y las superficies que se tocan frecuentemente.
- Evita tocarse los ojos, la nariz y la boca.
- Quédese en casa si está enfermo, excepto para buscar atención médica.
- Lávate las manos frecuentemente con agua y jabón por al menos 20 segundos.

**Use of Cloth Face Coverings to Help Slow the Spread of COVID-19**

How to Wear Cloth Face Coverings

- Cloth face coverings should:
  - be snug, but comfortably against the side of the face
  - be secured with ties or ear loops
  - include multiple layers of fabric
  - allow for breathing without restriction
  - be able to be washed and machine dried without damage or change in shape

CDC on Homemade Cloth Face Coverings

CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies), especially in areas of significant community-based transmission.

CDC also advises the use of simple cloth face coverings to slow the spread of the virus and help people who may have the virus and do not know it from transmitting to others. Cloth face coverings help reduce the spread of the virus and help people who may have the virus and do not know it from transmitting to others. Cloth face coverings help reduce the spread of the virus and help people who may have the virus and do not know it from transmitting to others.

Cloth face coverings should not be placed on young children under age 2, anyone who has trouble breathing, or in environments, occupations, or activities where they could pose a safety hazard.

Cloth face coverings should not be placed on young children under age 2, anyone who has trouble breathing, or in environments, occupations, or activities where they could pose a safety hazard.

Cloth face coverings should not be placed on young children under age 2, anyone who has trouble breathing, or in environments, occupations, or activities where they could pose a safety hazard.

Should cloth face coverings be washed or otherwise cleaned regularly? How regularly?

Yes. They should be washed regularly depending on the frequency of use.

How does one safely remove a used cloth face covering?

A washing machine should be used or a person should use a cloth face covering.

How does one safely remove a used cloth face covering?

Individuals should be careful not to touch their eyes, nose, and mouth when removing their cloth face covering and wash hands immediately after removing.

PP 18 x 12 5/pk PST144PP

**Use una cubierta de tela para cara para ayudar a desacelerar la propagación del COVID-19**

Cómo usar una cubierta de tela para la cara

Las cubiertas de tela para cara deben:

- ajustarse cómodamente contra los lados de la cara
- ajustarse con cintas o lazos
- incluir varias capas de tela
- permitir respirar sin restricciones
- podrer lavarse y secarse sin sufrir daños ni deformarse

Recomendaciones de los CDC sobre las cubiertas de tela para la cara hechas en casa

Los CDC recomiendan usar cubiertas de tela para cara en entornos públicos donde sea difícil mantener otras medidas de distanciamiento social (p.ej., tiendas de comestibles y farmacias), especialmente en áreas de transmisión comunitaria significativa.

Los CDC también recomiendan el uso de cubiertas de tela para cara simples para desacelerar la propagación del virus y ayudar a quienes puedan tener el virus sin saberlo a transmitir a otros personas. Las cubiertas de tela para cara simples ayudan a desacelerar la propagación del virus y ayudan a quienes puedan tener el virus sin saberlo a transmitir a otros personas.

Las cubiertas de tela para cara no deben usarse en niños menores de 2 años ni en personas con problemas respiratorios o que estén inconscientes, incapacitados o no sean capaces de quitárselas sin ayuda.

Las cubiertas de tela para cara no recomendadas ni son mascarillas quirúrgicas ni mascarillas de respiración P95. Estas son cubiertas de tela que se deben considerar únicamente para las situaciones de la salud y virus respiratorios del personal médico que respondan a emergencias, como lo recomienda la guía actual de los CDC.

¿Las cubiertas de tela para cara deben lavarse o limpiarse de alguna manera con regularidad? ¿Con qué frecuencia?

Si las cubiertas de tela para cara se usan con frecuencia, deben lavarse o limpiarse con regularidad.

¿Cómo se deben retirar/cambiar de manera segura las cubiertas de tela para la cara?

Las cubiertas de tela para cara no deben tocarse ni quitarse sin ayuda.

¿Cómo se debe retirar de manera segura una cubierta de tela para la cara usada?

Después de usar la cubierta de tela para cara, las personas deben lavarse las manos y evitar tocar los ojos, la nariz o la boca al quitar la cubierta para la cara, y lavarse las manos de inmediato luego de quitársela.

# Social Distancing Floor Signs

A healthy public drives the American economy. Mark your workplace or retail location to encourage social distancing.

Choose a material to suit your needs:

## TexWalk® Floor Sign Material

**0-6 MONTHS**

Removable, rated non-slip, and removes cleanly with no damage to surfaces. Protected with Sign Muscle® coating for additional print protection. Ideal for retail locations and may be used on carpet.

## Temp-Step™ Non-Slip Floor Signs

**6-9 MONTHS**

Temporary floor marking material for when a need likely does not exceed 6-9 months. Print is protected with anti-slip surface. Material is ideal for offices, light industrial and retail locations.

## Walk-On™ Floor Sign Material

**9+ MONTHS**

Solution for high-impact messaging on indoor floors and walls, and outdoor use on smooth surfaces. Longer lasting adhesive with anti-skid surface. Ideal for workplace and industrial locations such as warehouses.

# Distancing & Crowd Control

Waterproof and wear resistant 6 mil vinyl tape applies easily to clean, smooth, dry surfaces with a synthetic rubber resin adhesive and has a temp resistance of -20°F to 175°F. Perfect for:

- Color-coding
- Aisle marking
- Duct sealing
- Abrasion protection
- Joint sealing
- Pipe wrapping
- Light bundling
- Packing
- Safety marking
- Social Distancing

## Marking Tape Floor Applicator

Mark specific areas to promote safety.

- Stable, stand-alone design
- Holds up to a 4"x 180' roll of floor marking or a 4"x 150' roll of pavement marking tape
- Large wheel base for smooth tape placement
- Heavy duty construction
- Minimal assembly required

PART NO.	PRICE
FTA01	\$223.29

# Distancing & Crowd Control

Built to withstand industrial traffic, NMC's line of 30 & 50 mil thick floor marking tapes provide a long-lasting solution that goes down easy and cleans up just as well.

- Designed for long-term floor marking
- Smooth, easy to clean, slip resistant
- Dual beveled edges allow industrial wheels to roll over smoothly (50 mil option)
- Leaves no residue when removed
- Faster to install than paint, with zero downtime

## Durable Floor Tape

- 30 mil thickness
- Material: Vinyl

## Distance Chart

Image size determined by distance from the projector.

**COVID-19**

**PROTECT YOURSELF!**

**Follow these Preventative Measures**

Wash your hands often with soap and water for at least 20 seconds.

If soap and water are not available use a hand sanitizer with at least 60% alcohol.

Maintain a 6 foot distance between people whenever possible.

Avoid touching your eyes, nose, and mouth.

Cover your mouth and nose when you cough or sneeze.

# COVID-19 Mesh Fence Banners

Keep workers and visitors informed and protected by conveying important COVID-19 safety information visible at all times.

- Durable mesh banner with reinforced grommets
- Mesh material allows for air flow
- Ideal for job site/facility use
- Sized specifically for use on fencing
