Subject: ASC Price Increase Announcement

To Our Valued ASC Engineered Solutions Customers,

On May 12, 2025 we [announced](#) a pause to the implementation of the price increase that was originally communicated on May 1, 2025 and scheduled to take effect on May 19, 2025 and June 2, 2025. We made this decision due to recent developments of the US and China trade policy. Due to the changes in tariff, we're modifying the previously announced price increase. The effective dates of this increase will occur on June 9, 2025, and June 16, 2025, depending on the product. These increases are effective for all customers, without exception, on the effective date. POD's will also be subject to price increases. All quotes will have a five-day effective date. Any orders with future dating beyond 15 days will be reviewed and may receive a price increase. Approximate price increases can be found below.

Price Sheets Effective June 9, 2025

Product Line	Price Sheet Description	New Price Sheet	Price Increase
Bronze Fittings & Brass Nipples	Domestic Brass Nipples	BRSNIP-6.25	12%
