COONEY BROTHERS RAISES \$10,000 FOR AMERICAN CANCER SOCIETY

“Team Cooney” Participated in the 45th American Cancer Society Bike-A-Thon

Plymouth Meeting, PA, June 14, 2017– Thirteen members of “Team Cooney” comprised of employees, friends, and family of Cooney Brothers Inc., a value-added distributor of Pipe, Valves and Fittings, participated in the American Cancer Society’s Bike-A-Thon. Together the team raised more than \$10,000 for the fight against cancer.

Cooney Brothers participated in its 14th Bike-A-Thon benefiting the American Cancer Society. Starting in Philadelphia, PA at the foot of the Ben Franklin Bridge, all 13 members of “Team Cooney” rode their committed distances, with the majority biking the full 66 miles to Atlantic City, NJ where the ride finished on the boardwalk and beach.

This annual family-friendly event marks its 45th year in 2017. The Bike-A-Thon hosts a variety of ways to honor cancer survivors: from the blue ribbon cutting ceremony at the start, to special blue rider bibs, survivors and caregivers are invited to be recognized on stage at the Survivors Ceremony during the event wrap-up. Over 3,000 riders typically participate in the regional Philadelphia event, raising about \$1.5 million dollars.

With more than 100 employees, customers, business-partners, friends and family members having made donations, Cooney Brothers is very proud to have raised over \$10,000 for the American Cancer Society, vastly exceeding its initial fundraising goal of \$6,000. All money raised by the Bike-A-Thon funds the groundbreaking research supported by the American Cancer Society, as well as goes to provide free information and services to those battling the disease. The official fundraising deadline is August 31, 2017. To donate visit [Team Cooney Community Page](#).

Team Caption and Cooney Brothers President, Gerry Cooney, said “All of us have been affected by cancer in our lives. It’s hard to describe the fun and camaraderie that’s associated with this annual

event. Our Team Cooney members love to ride and that's part of what motivates us to get involved, but there is most certainly something bigger going on here."

Cooney Brothers is proud to be a part of the fight against cancer through their support of the American Cancer Society.

Cooney Brothers is a distributor of PVF and institutional plumbing products that provides a wide range of fabrication, sub-assembly and other value-added services. Family-owned and operated since 1937, Cooney offers a very personalized service through its knowledgeable staff, and close manufacturer relationships. Specializing in steam, sanitary and hard-to-find products, Cooney has established itself as a "go to" distributor for customers in pharmaceutical plants, food and beverage processing facilities, OEMs, general industrial, power generators, as well as institutional facilities such as hospitals and universities.
